Honorable Judge Gregory M. Stett

I've recently wrote to the clerk's office in this same request, and haven't got a response, I'm asking and pleading your honor for the same request and hope that your honorable judge would be kind enough to grant me this request, which is, that I will be in serious need of legal assistance in this case as it is, I would not be able to go Pro Se, I have no knowledge in this field, and most definitely can not go forth on my own without legal representations, all my court filings from jail, came through inhouse paralegal assistance, I would respectfully ask your Honorable Judge to appoint me legal assistance as I'm in the mercy of the Court.

Thank you kindly

Honorable: Gregory M.
